

## PRINT AND DISTRIBUTION SERVICES

## CAPABILITY PROFILE

Documents are the cornerstone of policyholder communication for the insurance industry, and every document has an impact on customer service and retention. Xceedance recognizes that effective management of print and document distribution are crucial business processes, even if those workflows are sometimes considered to be non-core activities.

The printing and mailing of insurance documents is all about quality, accuracy, and security. Xceedance offers cost-effective, automated print and distribution services from small print jobs to mass marketing campaigns. Our equipment includes cutting-edge, high-resolution printers and other equipment to produce the maximum quality documents with consistent, superior color and image resolution.

## SERVICES

Flexibility and scalability to refine and improve document output workflow are hallmarks of our solutions. The Xceedance Print and Distribution Services team has vast insurance experience, with a thorough understanding of the importance of documents and the urgency to send them out promptly. We are experts in enabling seamless and responsive processes that allow for more efficient insurance operations.
