

Proven Insurance Solutions to Move Your Organization Forward

Lifecycle & Operations | Claims TPA & Solutions | Technology & Digital | Data & Analytics | Consultancy & Advisory

Our teams work with insurers, reinsurers, agents, brokers, and program administrators to boost operational efficiency. Xceedance leverages vast insurance and technology expertise to facilitate, automate, and optimize insurance lifecycle functions, including exposure management, actuarial requirements, underwriting, policy management, claims handling, and finance.

Our approach to insurance transformation

As an industry-focused consulting, technology, and data services company, Xceedance partners with insurance organizations worldwide. Our global workforce is knowledgeable and responsive, serving a wide range of insurance providers in distinctive business ecosystems on four continents.

Clients rely on Xceedance to launch new products, drive operations, implement cutting-edge technology, deploy advanced analytics, and achieve process efficiencies. Leveraging the extensive insurance expertise and deep technical knowledge of Xceedance, re/insurers, agents, and brokers can optimize distribution platforms, rating and pricing, and policy and claims management workflows. With unique services and solutions from Xceedance, insurers can effectively evaluate risk, address risk management priorities, understand customer behaviors, and improve policyholder experiences.
